Cool School

Will: Cool School. School isn't cool. Spaceships are cool. Fish swim in a school. But school isn't cool.

Sofia: Hi, Hello I am new. Can you tell me the rules in your school?

Will: There are too many rules in school. The Teacher says ..

Mr Boo: Sit everyone!

Will: And we do.

Mr Boo: Be quiet, calm down, this isn't a zoo. Take out your books, look at the board and write down these rules!

Will: He thinks we are Robots, but that isn't true. There are so many things we can and can't do. Yes, really it's true, there are too many rules in my school.

Sofia: Nonsense, your teacher, he's really quite cool. He speaks English much better than you!

Mr Boo: My English is perfect!

Sofia: Everyday we learn words that are new. Like Teacher you are great, would you like some bamboo?

Will: You know I think you are right; it is true! We often have fun in my school. We can find out new things, which is cool! We can learn how to follow the rules.

Sofia: And your teacher can dance really well, which is cool!

Will/Sofia: Please tell us the things you can and can't do in your school.
